

SeNPs-Calcite composite by oxidative fragmentation of selenocystine during portlandite carbonation

$\text{Se}^0\text{-CaCO}_3$

- G. Montes-Hernandez, A. Fernandez-Martinez, L. Charlet, F. Renard, A. Scheinost, M. Bueno, Synthesis of a Se^0 /calcite composite using hydrothermal carbonation of Ca(OH)_2 coupled to a complex selenocystine fragmentation. Crystal Growth & Design 8 (2008) 2497-2504.
